How to Log In

On the Website:

1. Visit bangordailynews.com. Look for the Login button, located at the top right corner, and click it.

2. You'll need to enter your email address and the password you chose when you set up your account.

3. If you prefer not to sign in every time, there's an option to click “stay logged in.”

4. There will be a quick check to confirm you're not a robot—just a simple box to click and possibly a quick question or two to answer.

Are you using Safari as your browser? You might find it helpful to enable a setting called “enable cross site tracking”; It helps our site remember you the next time you visit.

On the Mobile App:

1. When you open the app, you'll see what's called a “hamburger” menu—it's the icon with three lines, looking somewhat like a hamburger. Tap it to open.

2. Inside, look for a gear icon—this is your settings menu. Tap it.

3. Here, you'll find the login option. Tap the login button and enter your details just like you would on the website.
On the Archives:

1. First, make sure you have a qualifying subscription and you’re logged into the site. Navigate to the archives page from the top menu, and click ‘Read Archives’ - if this page looks different than the image below, first check to make sure you’re logged in, and confirm you have a qualifying digital subscription on My Account.
